“ I have fond memories of Beverly from my childhood. Our family moved to Kelsey when I was just a young girl. Our families were members of the Church of Jesus Christ of Latter Day Saints. We attended church together at the Kelsey Church. Beverly and I were in the same classes in Sunday School and Primary. It wasn't long before we started asking our parents if we could visit with each other after church. Those were fond memories. I remember Beverly's Dad had a key to the Church. So, we could go in and play simple songs on the piano, like "Chopsticks". I know Beverly was a ray of Sunshine to her family and friends. May God be with her family and bless them. I know Beverly holds her family in her heart and she is smiling with love at her beloved family members. God be with you til we meet again.

“ Beverly was my only friend, as a child. As an adult, I always came back to her because she always felt like my only friend. I'm thankful that I can be this sad about her passing.

“ Beverly and I were friends instantly when I came in 4th grade. Even though we both lived in the country, she had goats, I had livestock. The first time I spent the night with her they served milk. While eating I took a drink of milk and it was room temperature or so I think. I got that one down. Then I took another drink, I could not swallow, I ran to the sink and spit it out. Sweet mom asked what was wrong, did I need my milk cold like over ice. Of course I said no it just didn't taste right. The laughter began, I had no idea that goats had milk to drink. I could not acquire a taste for goat, no not me.

We had a lot of fun memories in school, glad she was a friend to me.

So sorry for your loss, may God fill your heart with love and understanding.

“ Beverly is my sister. The last time that I saw her was when I took her out to eat for her birthday in March. I have talked to her over the phone, and texted her. I wished her a Happy Mother's Day, and told her that I love her. She said the same to me. I love her and will miss her terribly.

I will remember the purple in her hair and her kindness to my daughter. You will be greatly missed. May you watch over your family from above and find peace with your family in Heaven. “ Beverly and I were friends from about the age of three. I remember being frightened to go to Sunday School without my mother by my side. The only way I would stay was if Beverly was in the class - and she probably never knew this.

She was fearless. I have a picture of us together in the middle of my mother's flock of turkeys. I was terrified of things - those birds were as big as we were and they liked to peck - but Beverly didn't seem phased at all! I was crying, but she was as calm as could be.

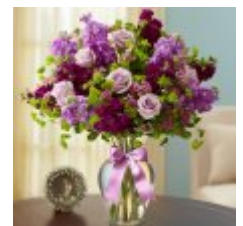

We enjoyed working together in Primary and visiting with the sisters on our Visiting Teaching route. She was always a good neighbor to us and was one of the first people to show up when Loyd passed away.

I will miss her.
