“ Oh, the memories Bonnie and I made growing up in Longview! I remember going to her house and wandering through the wooded areas surrounding where she lived. She and her siblings had a horse; she loved riding that horse, and I loved watching her. I am not a horse lover, but I loved Bonnie so I loved watching how happy it made her to fly through the air on that big animal! We had many late-night talks through the years. Our friendship and those talks helped each of us make good decisions during those important formative years. She had the most beautiful blonde hair and cutest laugh. I remember what a talented seamstress she was and all the awards she won while still in high school. Graduation from high school took us down different paths as she married and I moved away. No matter how far away we were, she was always and forever in my heart. She was a fighter and never let what polio did to her body keep her from accomplishing her dreams. She truly inspired me to face my challenges, too. When we meet again, Bonnie, we will run free through the ravines and forest paths, and we will ride bikes with the wind in our hair—things we had to maneuver carefully as children. You never let polio define you. Now you have conquered what tried to conquer you. I will see you when “my chores are through.” RIP, my dear, life-long friend. Forever,
Debra

“ Bonnie would play and I would sing, this is one of the songs:
Peace I leave with you, My peace I give unto you.
Not as the world giveth, give I unto you. Let not your heart be
troubled, neither let it be afraid.
In my Father's house are many mansions,
In my Father's house are many mansions,
If it were not so I would have told you,
I go to prepare a place for you . . .
I firmly believe that Bonnie is doing exactly that for her family.
Love

“ I met Bonnie when I befriended her youngest son Page in 8th grade. I got to know the Wagley family more throughout high school and some years after. I considered her to be my second mother during high school. She always welcomed me and made me feel at home and I will never forget that. She is sorely missed and it is such a gift that I got to know her. My heart goes out to her wonderful family.

“ *Bonnie must've been a Tuesday's child as she was full of grace from the 1st grade at Judson all the way through our graduation from Spring Hill. Our adult lives had no nexus and I am sure it was my loss. The world will be a little less gentle place without her.*

“ Bonnie was my older sister and she was always positive, never complaining about her challenges in life. She was the best example for me when I began having children. As the challenge of raising children in a "sin sick world" weighed down on me, I thought of her and my older sibs and knew that I could be successful too as a parent. Thank you "Bonno" for being the example you were to me. I know you are loving your reunion with Alexandria, Mother and Daddy!

Love,
Owen

“ I am so sorry to hear of Bonnie's passing. I have known her since she was born. We were good friends with the Muse family. I have old home movies of Bonnie when she was a toddler in a brace. I would be happy to share it with anyone interested. I would need an email address to link to the movie. You can contact me at billgrubbs1@gmail.com.
