“ So sorry to have missed your services. Too young to be gone so soon. Can't believe we lived so close unknowingly. My lasting memories of you and Donald were those of being like my little brothers. Remember when you were 12 or 13 and you and Don installed the drive shaft to a car my dad had bought you for the fun of playing like you could drive. Y'all had fun on that real joy ride, didn't you?

David kept my beater car running in college. Many miles between here and Lubbock, and I was never stranded on the side of the road because he kept it in good repair for me. More importantly, he was a good friend to my Dad and now they are reunited in Heaven. Hugs and prayers James and Mallory. He was a good one.
