“ I grew up with Don and David. Have many memories of playing under a Persimmon tree at there house. As we got older we went in different directions, but I always had strong feelings for my cousin. Susie may God bless and keep you in your time of grief. You will see him again one day. My prayers are with you. Wayne Young

“ My favorite memories of Don was at the skating rink at Bettie and him drawing on the skate case. I loved his wild Woody's and other characters. I remember his Nova , but he had a hot rod Ford pickup he used to haul his lawnmower in for his summer time job

“ Woodrow and I had many discussions about automobile engines while sitting next to each other in Mr. Henry McClelland's chemistry class. He introduced me to the concept of the overhead cam engine. He will be missed. Dick

“ So sorry to hear of Don's passing. One of my favorite memories of Don was when he and Lynn (my 1st cousin) took me to the Hallsville drag races every Sunday. He would pick his favorite to win, and I would pick my favorite. He would always win and never let me forget that I lost! I remember his blue Nova (I think it was a Nova) he liked to take to the drag races as well. Those were fun times and I will never forget. I was happy for him when he and Susie got married. She was the best thing that ever happened to him! God bless you Susie and you're entire family!
