“*Mr. Neel, serving as the Plant Manager for Nabisco, exemplified a robust yet equitable leadership style. In my capacity within the Quality Assurance department, I encountered a situation where a vendor supplied us with critical defects posing potential harm to consumers. Mr. Neel demonstrated unwavering support by endorsing my decision to raise the concern.*

In response to the defective materials, we took a decisive measure to halt production lines for several weeks until the vendor rectified the issue by delivering glass bottles that met our stringent quality standards. Mr. Neel's commitment to prioritizing consumer safety and product integrity was evident throughout this process.

Moreover, when the vendor attempted to coerce us by threatening to remove the product code dates from the bottles, Mr. Neel promptly addressed the situation. He conveyed a stern message, making it clear that such tactics were unacceptable and that any further attempts would have severe consequences. In doing so, Mr. Neel safeguarded not only the integrity of the products but also the professional standing of our team and the company as a whole. His decisive actions underscored his dedication to upholding the highest standards of quality and ethics within the manufacturing process.

Good Bless you I D Neel, I truly learned so much from you. I was hoping I could see you again. I live in Dallas now. I am sorry I missed you Sir.

“ Remembering Junior in the 6th grade at Harmony School. We were the best of friends. He was always a Great Guy. Someone you would love to be around. At the Yamboree, there was always a bunch of us walking around laughing and enjoying being young and silly. Riding the rides and screaming so the ones in the car behind us would be laughing. I have a picture of our 7th grade bunch sitting on the steps at Harmony School. Wonderful memories. I always loved Junior's, Mother, she would join right in, she was just like one of us. Junior's, Dad didn't talk very much and if you knew Mildred you would understand why his Dad didn't talk much. It is hard to loose a classmate that you went to school with thru the 10th grade. He graduated from Gilmer. Our Harmony class of 1963 only has 10 class mates remaining. We are Praying for Judy and all of the family. Father God, Comfort Judy and the family, Lord, grant them Strength that can only come from you.

I remember when I.D. came to Harmony. I was 5 years older so he was a cute little squirt with a sly smile and a different name. My sincere condolences to his family. Anita Lange

“ I D was remarkable! If he couldn't do something, he would figure it out. He was so accomplished. He took wonderful care of Judy, his daughter, son, daughter-in-law, and grandchildren. He was a good friend to all and he will be missed. It is hard to know that he has passed, even though it was to a better place. We will miss him so much. Love from Red and Linda.

“ *ID was one of the kindest, loving and caring men we have ever had the pleasure to call our friend.*

He was always ready to lend a helping hand without hesitation and with a smile on his face.

His favorite subject to talk about was his grandchildren and his family.

There will never be another ID and we will miss him terribly.

Rest In Peace our dear friend.
