What an awesome tribute to an incredible woman. You did a great job Brittany, she loved you guys so much. I treasure all my memories of our teen years together, she was like my sister, always there for me, no matter what, I knew I could always count on her. I know it is incredibly difficult for all her family, but I'm so glad she is not suffering any longer. Rely on God for your strength and peace, I'm praying for all of you. Jeanetta I will always love you and you will always be my best friend.

“ Although we didn't keep in touch much as we grew older. I remember our younger years. I lived the huge tree n y'all yard. We'd all 4 climb up n that tree n sit talk for hrs. We'd walk around the streets we grew up on over on South Side without a care in the world. In the good old days 😊. I just loved y'all from the day we met. When walked into the Dr office in Gladewater I was so surprised to see that beautiful 😍 Jeanette. We had kept n touch on FB but I didn't know what Dr office she worked at. She just stood up n we hugged each other. She was such a joyful, loving woman. Even when she was younger. That smile 😊. You're gonna be missed girlie. 💕💕💕 ya. Spread your wings around your sister's n your family. They need your hugs again. Gone but never forgotten. 💕🙏💕

“ *Being the oldest sibling of our family I have so many special memories of each one but there is no better memory that I will cherish more than anything was the last time that I was able to visit Janetta before she went to the hospice facility there were several of us in the room with her in the hospital and I was loving on her and rubbing her head and telling her how much I loved her and she looked up at me and she spoke very softly and said I love you too and also reached up to give me a hug I will cherish that moment forever and ever . I love you little sister and I know that you and mama are together take care of one another look down upon us and bless us with your presence. I know in my heart that you are happy and now pain free. I love you very much!*

*To my baby sister the world that I live in today without you is so lonely. I
never thought the day would come that you would be gone before me. I
just can't fathom this! I miss you and mom so very much! At least you
are in heaven together happy, pain free and most of all suffering. I will
cherish my last moments with you when you hugged my neck and told
me you loved me! I love you little sister and you will be dearly missed!*
