“ Dear Rhonda and family: For the 2+ years Joel was in chemo in Dallas he came to stay at my house during his treatments. Such a gift to get to know him! (Just hated the circumstances that caused him to be in Dallas) He and I did some fun things --like finding the best burger joints around, junking to find secondhand furniture and furnishings for the new house I'd just moved into. Joel was a delight.. never met a stranger. He met all my new neighbors before I met them! I looked forward to his visits and missed seeing him once his therapy location changed. I'm sending my deepest condolences to you, Rhonda, and to Joel's boys. I know you will miss him forever.. Sue (Bullock) Johnson-Dietz

May God grant peace and comfort to all Joel's family and friends during this very difficult time.

Joel, although you were fighting this disease for so long, it was really hard hearing of your passing. I do know you are no longer in pain.. we had a lot of fun working at the sheriff's office. you were tall enough to handle any problems. I know you loved the shake downs in the dorm. you always had a beautiful smile and great sense of humor. I will truly miss you as so many will. I know you will be watching over us from up above. you are with the best. love forever
