“ To Kellie's family I am so sad to get this news. Kellie and I had known each other for years having worked at Good Shepherd together a long time ago. She was a phenomenal nurse and an even better person. Loved always talking to her and catching up when she joined Kilgore nursing program. She cared so much for her patients and then educating nursing students to be the best they could be. Will miss seeing you and know that you are in the perfect place.

“ I had only known Kellie for a couple of years, we were co-workers at Kilgore College. All of her students adored her and she really cared for each and everyone of them. She had a passion for nursing and helping others. She was a great person! To Kellie's family, she was loved by many and was truly a great person. I am so very sorry for your loss and know that God has her now; free of pain and suffering. You all have a very special Angel keeping a watch over you. May God bless each of you and comfort you during this difficult time. Sincerely, Kathy Stone

“ Kellie was such an inspiration to me in many many ways. We didn't get to see each other that much after high school, but every time we did meet, it was such a treasure. I love you Princess Warrior. Fly high till I see you again. Cynthia Newsom Muckleroy

“ My heartfelt condolences to Kellie's family. I knew Kellie from work and found out we shared an interest in gardening. Every spring, Kellie and I would talk to each other about our gardens and what we liked to grow and what was growing well.

One year, at a Christmas party, Kellie gave out Angel Trumpet seeds and I thought this was the best gift ever. The seeds I received from Kellie were planted and the most beautiful Angel Trumpet blooms appeared. Each and every spring when the Angel Trumpets bloom, I be reminded of Kellie and her love of plants and gardening.

“ Benny,Kayla,Shanna and Nathan,

Words can not express the saddess that I felt in my heart when I heard that Kellie had gone on to be with our Lord. I know that her body is healed and she is free of pain and that one day soon we will all be together. I started remembering all the good times that I have had with Kellie going to school with her then talking to her when I worked at State Farm Insurance. She was always a joy to be around, always smiling. Kellie, you might be gone but you will not be forgotten. Until we meet again.
