“ I have many memories of Mike... One that sticks out is 4th of July. We took him with us to see the air show and fireworks. He loved the airplanes.

“ I remember one time we were fishing and I had saw a snake enter the water near me and I said dad there was a snake right next to me so he careful. As he went to pass me by, even I didn't see the hornets nest above my head and to keep his balance on the small levee he grabbed a limb above me which had a giant hornet nest. He fell in the pond and we were both stung all over from the hornets.

My favorite memory was him teaching me how to drive in grandpa's pasture sitting on a thick phone book. Grandpa came out yelling cause he just planted peas where I was doing circles.
