“ *Diane, was my real first best friend. When we were younger she was my ride or die bestie. By ride I mean she had the wheels and I had the plans. lol she and I and our cousin Serena got into some trouble every now and then. I have lots of fun good memories of my friend/cousin. I will forever love and cherish her memory. Jenifer, Danielle and Arianna. I'm here if any of you ever need me. Love you all. Jo Ann....*

“ I still remember the day I met Diane. That big beautiful smile and how she laughed made you laugh with her ..She was happy, and so full of life. She was definitely a positive role model and she taught me so much like plants.. to this day I love my plants. She taught me countless crafts. She was a good Mother and she showed me and helped me along the way with my own babies. I loved hanging out with her, she was like a big Sister. But she was my Aunt Diane and I loved her and she was a great addition to our family. I have too many memories to post but I will miss her. 💕💕
