He would much rather be on the water and in the woods. And shoeless when he was a young boy.

“ My most memorable moment with Uncle Owen was when he took several of us "kids" horseback riding. Of course, my eye swelled up so bad that he had to race us back to the car to get me home. He said that he just knew that my eye was gonna pop out and my Dad, his brother, was gonna kill him. I still remember thinking that he was going to kill us both just trying to get me home! We both laughed about it later in life. I will miss you Uncle Owen. Ride some horses for me up in Heaven.
