*My dearest Rachel,
Our family's life will never be the same without you. Your unselfish love to the family will go unmatched until the end of time. You were always there for us no matter what the circumstance, whether by pulling together family get togethers, attending endless birthday parties, baby and wedding showers, weddings and graduations for our kids, (gift in hand, of course) to just basically being there for moral support. There would of never been a time that if one of us would call you for backup, that you would not of been there. Your dedication to our mother is the one thing we all took for granted. You being there meant we were able to go on with our lives and know we had no worries in the care of our mother. The four of us can only strive between us to accomplish what you did every day for her. So go rest in the arms of our heavenly father, enjoy your reunion with Dad, Grandmother, and Papa. And until we see each other again. With much love, your baby sis, Phyllis*

There is one thing I could always count on when I would see you during a business trip and that was your smile and willingness to help. You have always come to mind whenever I think of the Dallas field office. Thank you for those memories.
