“Buddy and I have been friends since I was 9 and he was 10...We met at church when our Father's were stationed in San Diego...We always remained close...He was the most caring person I have ever known...Buddy always put others in front of himself...We talked about our lives and what would happen if one of us were to pass on...We said not to worry as we would know the other was okay and we would know where they were...One of us just got there first...I will forever be grateful to have known you and to have called you Friend...Rest Easy Buddy...We will see each other again...Save my seat and will forever miss you down here...Your oldest friend in this life...We did 45 years of Friendship...Thank you for coming to Tennessee to surprise me for my 50th Birthday...I love you forever and a day Ole Friend 💙

Buddy, it is a God-given privilege that I was allowed to know you these last few years. I am glad you came to First Baptist Church, Gilmer. We often sat on the same pew. At times your hip would not let you maintain a sitting position, therefore you stood by the wall at the rear of the Sanctuary. Our Heavenly Father, through your example, helped me to see the value of not being a complainer--not complaining about pain, problems, money, wants, needs, or whatever comes my way. I'll look for you and find you when I cross over to the other side. Your friend, Lewis Bishop
