“ One memory I have of Sergeant Gannon was that he would never pass up the chance to fist bump all of his students. He was always very into instruments. Especially his electric and acoustic guitars. He was always very caring and sweet to his students and had a special or personal connection with each of them.

“ He was always there if you ever needed to talk when nobody else would listen anytime you needed that reassurance on the bad days that everything was going to be okay we cared a lot about the students at GHS I know that deep down inside I feel like he was ment to be here and I know he was because he has touched so many lives and it is going to be very hard to push through but him not being here is killing me inside if you ever needed somewhere safe to go his classroom was always. Safe no matter where you were. My thoughts and prayers go out to the Gannon family and everyone who knew him.

“ Sergeant Gannon was my Afjrotc instructor for my senior year 2023. He always welcomed us students with a warm heart and cared for each one of us. He always strived for me to be better and to graduate. He made sure you were taken care of whether you needed a hug or a snack when you hadn't ate all day. Rob was a good man and is living his best life in heaven now! Fly high Sergeant Gannon! ☐☐

“ Rob and Petra were two of the first people me and my husband Ryan became friends with after moving to Gilmer. We have shared some special holidays together and had many game nights together. Our last one was Rob teaching us Dungeons and Dragons. We were making plans to get together again soon! Each time I saw him he always said we needed to finish our game. We didn't get to, unfortunately, but Rob will not be forgotten! He was such a kind soul! I know we will meet again in Heaven! Sending all of my love to Petra and praying God gives her a peace that passes all understanding!

“ Dear Gannon family I am sorry for your loss Sargent Gannon was a very good person I will never forget the memories that we have anytime I would see him walking the halls or the after school goodbye or the very much needed high five or fist bump through out the day or just a small conversation about how my day is going. I know he was always there if I needed an adult to go to for any problem or even the times I wanted to just sit in a quiet classroom I know he was always there no matter what I needed he was always there for me to talk to him and we was the one I was able to trust because I know he could keep me and others safe even though I have only been at Gilmer high school for two years I have always known I could trust him I will miss seeing him every day and knowing that he is gone to heaven he will always be in my heart forever.
