What can I say that no one else already has. Stella and her family basically took us in when we moved here from Dallas. We were called foreigners back then but they didn't care. They opened their home up to us and became our very first friends in Gilmer. My family will always consider them family. My love sand prayers go out to the entire Anderson family and all the people she loved and those that loved her. RIP Stella you are definitely one lady that will never be forgotten.
